RITBA is accepting applications for the following position:

**MAINTENANCE WORKER - LEVEL I or II (CONCRETE)**

*(Full-time Position w/ Employee Benefits Package)*

**POSITION DESCRIPTION**

Under the supervision of Maintenance Manager, perform skilled construction, maintenance, alteration, repair and associated work on RITBA bridges, roadways and facilities as required. Plan, organize and assist a team of approximately two (2) to ten (10) employees in the daily functions associated with bridge, roadway and facility maintenance. Level I or II classification dependent on experience and possession of licenses and/or certifications

**MINIMUM JOB REQUIREMENTS:**

- High School diploma or equivalent
- Considerable knowledge of bridge maintenance and construction activities/methods, safety techniques and procedures, and supervisory experience leading construction work crews
- Must be able to traverse all areas of RITBA bridges and work at heights
- Post-offer pre-employment drug or alcohol testing and criminal background check

**REQUIRED LICENSES/CERTIFICATIONS:**

- Must possess and maintain a valid driver’s license
- Must possess a Class B commercial driver’s license (CDL) w/ air brakes endorsement or obtain one within six (6) months of start of employment (Level I requirement). Twelve (12) months (Level II requirement)
- American Concrete Institute (ACI) Certification, Mason Contractors Association of America (MCAA) Certification or equivalent preferred (relevant management or supervisory experience may be considered in lieu of this requirement)
- OSHA 30 certification - Construction Industry (Level I requirement). OSHA 10 certification - Construction Industry (Level II requirement)

**ESSENTIAL RESPONSIBILITIES:**

- Perform a variety of complex masonry duties involved with maintenance, repair, alteration and construction
- Mixing of concrete
- Setting of forms for cast in place concrete placement
- Placing and finishing of concrete
- Reconstruction of storm drain structures and headwalls
- Estimation of work force and materials required for projects
- Set-up and operate mixers for concrete and mortar, chipping hammers, pressure washers and a variation of light and heavy power tools
• Assist in the planning, coordination and prioritization of multiple construction projects
• Operate a high lift, fork truck, under bridge (UB) truck (both cab & basket), hydra platform, barrier transfer machine (BTM) and other pieces of RITBA owned equipment
• Care and maintenance of equipment
• Maintain a consistently high level of safety in work conditions
• Quality control (QC) reporting as required
• General cleaning and housekeeping in assigned work area
• Set-up and removal of daily lane closures as needed
• Determine equipment, tools, materials and supplies needed to complete assignments

REQUIRED KNOWLEDGE, SKILLS AND ABILITIES:

• Must be able to effectively communicate with all employees
• Must possess carpentry skills
• Must possess concrete mixing, placement and finishing skills
• Experience managing multiple construction and/or maintenance projects
• Ability to read, interpret, and apply guidelines from blueprints, drawings and construction plans
• Ability to work under hazardous conditions
• Familiarity with bridge terminology
• Know and follow health & safety regulations and safe working practices applicable to the position, including fall protection
• Regular and reliable attendance required
• Carry-out work assignments with minimum supervision
• Ability to work effectively and professionally with co-workers, contractors and general public
• Ability to use power and hand tools with skill
• Knowledge of scaffolding, pick boards, platform set-up, maintenance, safety and removal

WORK ENVIRONMENT AND PHYSICAL REQUIREMENTS:

• Must be able to push, pull and lift 70lbs throughout the day
• Ability to work while wearing a cartridge-type respirator (as required)
• Work comfortably at considerable heights (including but not limited to 400 feet) and on suspended scaffolding
• Must be able to work in confined spaces
• Must be able to walk/stand on concrete and steel surfaces for extensive periods of time
• Majority of work is performed outside in hot and cold climates with varying wind speeds

*This job description represents general duties and is not intended to list every specific function of this class title.
