RITBA IMPLEMENTS FULL WIND RESTRICTIONS ON MOUNT HOPE BRIDGE

Only certain vehicles are permitted to cross the bridge

JAMESTOWN, R.I. -- The [Rhode Island Turnpike and Bridge Authority \(RITBA\)](https://www.ritba.org) is implementing full wind restrictions on the Mount Hope Bridge. Only automobiles, pickup trucks, flatbed trailers, commercial buses and heavy-laden tractor/trailers are permitted to cross the bridge. School buses are not permitted to cross the bridges at this time. Motorists who are denied passage will be assisted with safely turning around.

Under RITBA protocols, limited wind restrictions may be implemented when sustained wind speeds exceed 60 mph for a continuous period of 15 minutes or more; or wind gusts persistently exceed 60 mph over a period of 15 minutes.

Members of the public can check bridge conditions and closures by visiting our website at [ritba.org](https://www.ritba.org), by calling RITBA at 401-423-0803, or on Twitter at [@riezpass](https://twitter.com/riezpass).
