RITBA IMPLEMENTS RESTRICTED ACCESS TO MOUNT HOPE, NEWPORT PELL AND JAMESTOWN BRIDGES DUE TO HIGH-SPEED WINDS

JAMESTOWN, R.I. – The [Rhode Island Turnpike and Bridge Authority \(RITBA\)](https://www.ritba.org) has restricted access to the Mount Hope, Newport Pell and Jamestown Verrazzano Bridges for house trailers/RVs, empty enclosed trailers, or any vehicle that, in the opinion of law-enforcement personnel, may not safely cross the bridge. Motorists who are denied passage will be assisted with safely turning around.

Under RITBA protocols, limited wind restrictions may be implemented when sustained wind speeds exceed 50 mph for a continuous period of 15 minutes or more; or wind gusts persistently exceed 50 mph over a period of 15 minutes.

Members of the public can check bridge conditions and closures by visiting our website at [ritba.org](https://www.ritba.org), by calling RITBA at 401-423-0803, or on Twitter at @riezpass.
