Completed Newport Pell Bridge On-ramp from Jamestown Opens Today

The Rhode Island Turnpike and Bridge Authority today announced that the eastbound on-ramp from Jamestown to the Newport Pell Bridge will be opening in its completed configuration later today. The new configuration will include a ramp acceleration lane, making it easier for drivers to merge onto the bridge and reducing congestion at the on-ramp.

"We are excited to complete this stage of the project and know that it will help ease congestion for Jamestown residents and commuters," said Lori Caron Silveira, Executive Director of the Rhode Island Turnpike and Bridge Authority. "As we continue to upgrade and improve the area around the old toll plaza, we appreciate everyone's patience and consideration."
